Other dimensions on request

Do not waste your time trying to remove your propeller with MAUCOUR propeller puller. This propeller puller is ideal to remove your propeller quickly and easily, and eliminates any potential damage that can be caused by using inappropriate tools.

They are an indispensable aid for commercial divers, boat owners and marine service departments and our simple design can even be used underwater. Any vessel with a puller aboard can avoid costly, aggravating and timeconsuming delays due to a bent or damaged propeller.

This system is manual and very economical.

Our standard range designed and produces by MAUCOUR is available to suit shaft diameters from 25mm to 60mm (1" to 2 1/2").

SAFE AND SIMPLE REMOVAL  
OF PROPELLER  
THRIFTY - NO MORE DAMAGE ON YOUR  
PROPELLER
